

**AFTER DISCHARGE FROM THE OFFICE**

- Before you leave the dental office, you will be given information about looking after your mouth as well as when you should see your dentist again.
- After the appointment, you MUST make certain that you have someone responsible to accompany you home, and under NO circumstances can you drive, travel home alone by bus or taxi. You must not drive or operate power tools or machinery for 24 hours.
- DO NOT drink alcohol for 24 hours.
- Your dentist will discuss with you what medication to take for pain. DO NOT take any other prescription drugs without prior consultation with your dentist.
- Avoid making important or financial decisions for at least 24 hours.
- Once at home, rest and take it easy. You will feel tired for the remainder of the day.
- Take care in eating after procedure. You will have a frozen mouth for several hours and eating or drinking may cause coughing and choking. Please take a liquid or soft diet for the rest of the day.
- If you have any questions about your dental work, dental care or have any problems with mouth pain or bleeding please call the dental office.
- If you have any concerns about your sedation please call Dr. New at (905) 633-7373
- In the event that you cannot get in contact with Dr. New or an on call dentist, and you have concerns, please proceed to the nearest emergency department of your local hospital.
- If you are admitted to the hospital within 10 days after your procedure please notify the dental office.
